01

ABOUT US

A Houston practice built on certainty.

ADEYSONS HEALTH LLC is a Texas-licensed, CLIA-certified specimen collection laboratory and insured medical courier serving the greater Houston metro and surrounding counties. We exist to be the fast, compliant, professional draw & transport arm of your practice — so your team can focus on patient care while we move the samples that keep care moving.

Founded and directed by Adedeji A. Adeyanju, B.Sc., CPT — Certified Phlebotomy Technician (NPCN-17788-18467) and holder of CMS NPI 1194660787 — we operate under CLIA Laboratory Certificate #45D2344227 with full HIPAA & OSHA compliance baked into every workflow.

A note from the Lab Director

*“Every blood draw I do is for someone's mother, brother, or colleague. That's why ADEYSONS HEALTH was built around three non-negotiables: **certainty** — every specimen traceable; **compassion** — every patient treated like family; and **credentials** — every claim we make is verifiable on the spot. Scan the QR on any document we send and you'll see for yourself.”*

— Adedeji A. Adeyanju, B.Sc., CPT — Laboratory Director

02

OUR SERVICES

Specimen collection & logistics — done right.

From a single in-office draw to a full courier route across the Houston metro, every service we offer is delivered with full chain-of-custody documentation, HIPAA safeguards, and the professionalism your patients (and your auditors) expect.

Mobile Phlebotomy

Same-day blood draws at the patient's home, office, or your clinic. Geriatric & pediatric experience. Difficult-stick competency.

In-Office Specimen Collection

Walk-in draws at our Bissonnet Street lab. Open by appointment or scheduled standing slots for partner clinics.

STAT Medical Courier

1–2 hour pickup & delivery target. Temperature-logged cooler. Signed chain-of-custody for every leg of the trip.

Scheduled Route Courier

Daily, twice-daily, or custom schedules for partner clinics and reference labs. Flat-rate monthly retainers available.

Toxicology & Drug Screen Collection

Forensic-grade chain-of-custody. Employer, court-ordered, and DOT collections by trained collectors.

Corporate Wellness Draws

On-site at your office. Bulk pricing for HR teams running biometric screens or executive physicals.

Specialty & Send-Out Routing

We route to your preferred reference laboratory (Quest, LabCorp, Mayo, Sonic, ARUP, or boutique specialty labs).

After-Hours / Weekend On-Call

24/7 on-call courier available. After-hours surcharge applies. Negotiated rates for high-volume partners.

03

PRICING SNAPSHOT

Transparent, no-surprise pricing for Houston.

Indicative retail rates listed below. Partner labs, volume clinics, and corporate wellness contracts qualify for tiered discounts and flat-rate monthly retainers — request a custom Good Faith Estimate at info@adeysonshealth.com.

Service	Price	Notes
In-office venipuncture	\$45	Single draw, lab letterhead receipt
Mobile / home draw (Houston metro)	\$85	Includes round-trip mileage
STAT courier pickup (1–2 hr)	\$95	Single stop · temp-logged cooler
Scheduled daily courier route	From \$450/mo	Flat-rate unlimited routine
Toxicology / chain-of-custody draw	\$120	Forensic-grade documentation
Corporate wellness (on-site)	From \$35/employee	10-employee minimum
After-hours / weekend surcharge	+\$35	Added to any service after 6 pm
No-show / late cancel (<24 hr)	\$50	Per Financial Policy

Volume & partner discounts

- 10+ draws/week: 10% off retail
- 25+ draws/week: 15% off retail + dedicated dispatcher
- Flat-rate retainers: customized on a per-account basis
- Self-pay patients: written Good Faith Estimate provided per the federal No Surprises Act (45 CFR §149.610)

04

WHY ADEYSONS HEALTH

Credentials you can verify in five seconds.

Every credential we list is hyperlinked on our website to the issuing authority. No photocopies. No back-and-forth emails. Scan, click, confirm.

Credential	Value	Verify with
CLIA Laboratory Certificate	#45D2344227	CMS QCOR
NPI — Lab Director	1194660787	CMS NPPES
National Phlebotomy Cert.	NPCN-17788-18467	NRAHP
TX SOS Entity File	#806353583	TX Comptroller
HIPAA Privacy Officer	Adedeji A. Adeyanju	On staff
OSHA BBP Plan	Annually reviewed	29 CFR §1910.1030

How we operate

- **Texas DSHS-compliant** specimen collection & handling protocols (Texas H&S §241).
- **Chain-of-custody documentation** on every transport — court-admissible (FRE 901).
- **Temperature-logged coolers** for sensitive specimens; out-of-range alerts to dispatch.
- **HIPAA Business Associate Agreement** signed before any PHI is exchanged (45 CFR §164.504).
- **Sharps injury & BBP exposure SOPs** per OSHA 29 CFR §1910.1030 — annually drilled.
- **Anti-forgery QR seal** on every document we issue — try it on this catalog!

Who we serve

Primary-care offices · Specialty practices · Hospice & home-health agencies · Behavioral-health clinics · Reference labs needing local collection arms · Corporate-wellness teams · Occupational-health programs · Pre-employment screen vendors.

05

THE PARTNER EXPERIENCE

Built around your workflow, not ours.

ADEYSONS HEALTH plugs into the way your office already runs. Routine pickups, STAT drops, after-hours emergencies — all coordinated through one dispatcher, one contract, one predictable invoice. No surprises.

Reliable like clockwork

Routine pickups arrive in a defined window. Dispatcher confirms every leg by SMS. If we're going to be five minutes late, you hear it from us before the patient does.

After-hours pickup, real human

On-call dispatcher seven days a week. We answer the phone at 9 PM on a Friday when someone needs a STAT drop to their reference lab — that's the entire reason this company exists.

Chain-of-custody so clean an auditor smiles

Court-admissible chain-of-custody on every transport (FRE 901). Temperature-logged coolers, photo proof of pickup & drop, signed transfer for every leg. Built for forensic-grade work.

Onboarding takes about 15 minutes. We send a Partner Lab Account Requisition + our HIPAA Business Associate Agreement on request, schedule a kickoff call to walk through your route & cutoff times, then your first draw is on the road.

06

GET STARTED

Three ways to start working with us.

1.

Book online

Visit www.adeysonshealth.com/book. Choose mobile or in-office, pick a time, upload your lab order, pay securely with PayPal. *Click here to book this PDF* →

2.

Call us

Dial Monday–Friday 7 am–7 pm. Our dispatcher will set up a draw or courier pickup on the same call.

3.

Open a partner account

Email info@adeysonshealth.com with your clinic / facility name. We'll send the Partner Requisition + HIPAA BAA template the same business day.
